Work Experience/Projects

- 2022-JUNE **Skilled Set** **Machine Learning Intern**
Topic : Implementing Recommendation Engine on website
My role entails building a recommendation engine for its website which is a social networking-cum-employment, training and counselling platform and make proper recommendations to users by analysing all user data depending upon their lacuna in a specific skill.
- 2022-MAR **Space Invaders 2.0** **Personal Project**
This is an AI powered gesture controlled fun game developed with python and computer vision. This game can be played with hand gestures. The model can track the location of fingers of our hand with the help of underlying neural network and map it to the game character.
- 2021-DEC **Learn For Cause** **Business Operations Intern**
I was working alongside the marketing team. My core job was to manage the databases, brainstorm with all core teams to boost up sales, communicate with all team members and potential clients to keep track of all progress.

Achievements/Certifications

- 2020-OCT **Hacktober Fest 2020** **Contributor**
I won prizes, swags by completing many challenges and contributing in open source projects.
- 2019-NOV **Tredo-O-Quest 2019** **Finalist**
We built a Line Following BOT using various IOT gadgets and took part in the competition. Even though we couldn't win the event still we learnt something new from scratch.

Extra Curricular Activities

- 2021-NOW **Secretary, Entrepreneurship Cell** **E-CELL, NITR**
I contributed to the club in organising many events and working on new initiatives. As a secretary, my core work is to negotiate with SAC, NITR regarding all the events and manage them for smooth conduction.
- 2022-FEB **Core Team Member, Sponsorship** **INNOVISION 2021**
As a core member, we led a team of 12 people and we were able to bring sponsorship worth of 1.5 lakh INR which was approximately 8.5 percent of total budget of the fest.
- 2021-NOW **Mentor, ICS** **Institute Counselling Service, NITR**
My responsibility includes mentoring freshers in every aspect, guiding them to onboard on right path in their college life and also helping ICS to bring them new avenues for personal growth.
- 2020-2021 **Web Developer** **CEST and ICE, NITR**
During my tenure I built a fully fledged website(official) with my teammate for our club from scratch and also I was leading the Web Team in designing a new website for fest of the club named "SMARAK".
